Instructor – Angie Heavener, CIC, CPIA

Applied - 6 Hours of Insurance CECs

Class Description - Insureds are aware (we hope) that it is necessary to purchase coverage when they buy a home or drive a car, but what about all of the other exposures they possibly face. Does the fun stuff they own and use increase their exposures? Do your insureds realize their adventures may be putting their assets on the line? Do your clients think their coverages follow them everywhere and all the time? Are their limits enough for the adventures they embark in or for the toys they own, rent or borrow? Unfortunately, mistaken belief that they are already covered is the problem.
